Public Comment:

-Martye White-

Martye inquired about the EVOC training. Clerk Wright informed him and Council that the instructor has been in contact with the City and is currently out of town. He is offering to provide class for free and the only cost will be renting the course. Sandy Fenton informs Council that the EMS Department does not need drivers but EMT's instead. Mayor Hanson suggested contacting the Idaho World to do an article on the need for EMS volunteers and drivers.

-Rindy Quijas and Tammy Morganroth gave an update on the Spring Fling Conference held in Grangeville. They reported that the conference was very informative.

-Tony Pantera, City Attorney-

Tony informed the Council again that he is working on the boundary line issue. Clerk Wright asked if a new map had been provided by John Roberts. A map has not been received at this time.

-A report was given on the Live Sims Pediatric training that was held on March 9th. The EMT's that attended said it was very informative.

-There were questions on how the EMS Association works. Sandy Fenton informed the Council that the association is comprised of our City EMS Volunteers and that she is the President, Rindy Quijas is the Vice President, Melissa Seibel is the Secretary, and Peggy Goff is the Treasurer. The Association does fundraising for the department and will pay for training if the City does not.

-Martye White-

Marty found a Facebook page for the EMS Association and when scrolling through it found a political post that is assumed to represent the whole association and is approved by everyone on the EMS Department. Martye was not aware of it nor would he have been in favor of it and is sure other EMT's would not as well. It was asked what post he was referring to and it was discussed that it was a post posted just prior to the City elections asking people to write in Pat Goff as Mayor.

-Mayor Hanson asked the Council if they would like to schedule an EMS meeting for April. Councilwoman Cooper would like to and so would Councilpersons Riley and Green. The meeting date was scheduled for April 19th at 7:00 pm at City Hall.

-Tony will have a policy section to review at the next meeting.

Meeting Adjourned at 7:26 pm.
