New Business:

Workshop for Comprehensive Plan: Geoff provided a copy of the Idaho Statute Title 67 Chapter 65. He explained how this statute is to be used to create a Comprehensive Plan. He covered each of the seventeen requirements to be met extensively by the Comprehensive Plan. The statutes requiring both comprehensive Plans and Land Use Ordinances came into effect in 1975.

Councilman White wanted some clarification about the zero lot lines and wood burning sections. Geoff explains that this allows the Council more control of land use when considering planning and zoning applications. There was much discussion about the Comprehensive Plan being revised to include just what is needed to meet the requirements. Councilman White and Chartier feel that the Comprehensive Plan has too much information and unnecessary graphs. They would like to see the Comprehensive Plan cut down and reordered so that the Chapters match the order of the statute. Much discussion about how planning and zoning coincides with the Comprehensive Plan. Geoff will revise the draft to present at the public hearing on August 19, 2020 at 7:00 pm.
